

HEAR BETTER • LIVE FULLY

Hearing is one of the five natural senses that allow us to enjoy life and the world around us. Music, radio, television, movies, and theater – all become less accessible and enjoyable without the benefits of hearing. And Hearing Loss can lead to more serious problems such as social disengagement, increased stress and even cognitive decline.

Hearing is a valued life asset that can be protected, treated and assisted through a program for hearing healthcare. [The EPIC Hearing Service Plan provides easy access to hearing health professionals](#) – primarily physicians and audiologists – who can help you achieve your maximum hearing potential throughout your life.

Hearing problems are fairly common: **12% of the US population has some form of hearing impairment and hearing loss is the #3 chronic health problem in the country.**

Why Offer Vision Care

Research studies by the U.S. Department of Health and Human Services indicate that over 71% of the working population require some form of vision correction. Unfortunately, fewer than 20% of these individuals have any form of vision care insurance coverage or discount benefits. Early detection of vision problems and/or the need for prescription eyewear can help avoid potentially expensive health care costs.

As stated by the National Eye Institute in a news release April 12, 2004, "With the aging of the population, the number of Americans with major eye diseases is increasing, and vision loss is becoming a major public health problem." More and more people are seeking cost effective plans for the prevention, diagnosis and treatment of vision problems.

As health care costs continue to escalate, the need for cost-containment or "discount provider networks" also increases. Access to such discount benefit programs can save your family hundreds of dollars each year. With this in mind, **OUTLOOK** has designed and administers one of the nation's leading vision care cost-containment programs to help hold down the high cost of eyewear.

Avoiding the High Cost of Eyewear

*These prices are for comparison only. Actual prices may vary.
** Figures obtained from actual OVS purchases

Due to the ever increasing cost of eyewear, many health care programs do not cover optical expenses. With an industry average mark-up of over 300% on eyewear, it's easy to see why. Frames, lenses, contact lenses, and solutions all contribute to some of the greatest out-of-pocket expenses in health care today.

The **OUTLOOK** vision care cost-containment program provides quality vision care and eyewear at the most affordable prices. **OUTLOOK** offers these discount benefits:

- + Save 10% to 50% off the retail price of eyewear including: prescription glasses, contact lenses, non-prescription sunglasses, and accessories.
- + Savings off standard fees on vision correction (Laser/Lasik) surgery at selected locations, where approved.
- + Membership includes your entire family.
- + Over 10,500 optical locations to choose from.
- + Mail order contact lens replacement program that offers a 10% discount on most lenses.
- + Special discounts on eye examinations at selected locations, where approved.
- + No limit on selection - no limit on quantities.
- + Minor eyewear adjustments included.

The Provider Network

The **OUTLOOK** provider network is comprised of well-known national and regional vision care centers, independent optometrists or opticians, small and large retail optical centers and "one-hour" type optical centers, one or more which may be found in your community. Each approved provider is carefully selected through a stringent process to assure the program's standard of quality is not compromised. All locations are licensed and trained in the use of the latest equipment and techniques and offer the highest quality products and services. All providers carry up-to-date top of the line inventories from leading manufacturers.

As an **OUTLOOK** member, you may choose from our entire network of eye care professionals. With thousands of **OUTLOOK** eye care centers nationwide, chances are there is one near you. Simply call **OUTLOOK** toll free 1-800-342-7188 for the location nearest you and/or application information.
